

## David Dellar – Business Director

Business Director of LOD Care and Case Management Ltd.

My Background is in Business operations and IT working across a number of sectors including Legal, Finance and accounting.

### Background:

I am currently responsible for running the day to day business operations of LOD and enjoy a diverse and rewarding role in the company. My background in Business Services working across a diverse number of sectors including Finance, Accounting and Legal has given me a great deal of experience to bring to LODCCM.

I have extensive experience working at senior executive level in delivery of business analysis and IT services to magic circle law firms as well some of the top global Accountancy and Finance organisations. Excellent client service and the determination to exceed expectations continues to be foremost in my mind when delivering to our clients through LODCCM.

I have a passion and enthusiasm for technology and truly believe it can be used to enhance and enrich our lives. I strive to ensure we are effective, efficient and able to respond quickly to the needs of our clients so that we can truly work with them to achieve their goals.
